

Water Quality Monitoring

Hexham Straight Widening

May - June 2024

Georgiou

Introduction

Georgiou Group Pty Ltd are part of an Alliance with Transport for NSW, Daracon Contractors and SMEC Australia to deliver the Hexham Straight Widening Project.

The proposal is to widen a six kilometre section of the Pacific Highway (Maitland Road) from four lanes to six lanes, starting a few hundred metres south of the intersection with the Newcastle Inner City Bypass at Sandgate, and extending through to about 800 metres north of Hexham Bridge, in Hexham NSW. The Project will create two additional lanes, one in each direction, and will include replacing the existing bridge over Ironbark Creek.

Georgiou holds an EPL 21804 on behalf of the Alliance for road construction <10km with the extraction of $\geq 50,000$ tonnes of material.
