- set sustainable objectives and targets applicable to our projects prior to commencement and facilities on a yearly basis;
- engage with local communities to achieve shared and lasting outcomes;
- support our workforce in being diverse, engaged, motivated and competent - together working towards the sustainable success of our business;
- facilitate the sharing of ideas, knowledge and innovation, internally and externally, that create financial savings and benefit to society and the environment in which we operate;
- implement risk and hazard management principles to maintain the health and safety of our people, the surrounding community and the environment; and
- drive to deliver sustainable profitable growth while satisfying our social, legal and contractual obligations.
