

Quality

Georgiou delivers major infrastructure and building projects to government and private clients.

As a company, Georgiou acknowledges the trust its stakeholders place in them to meet their requirements aligning with Georgiou's vision to be *'the best people to work with'*.

To achieve this vision, Georgiou will:

- Establish and maintain a Quality Management System based on AS/NZS ISO 9001 that is supported by technology, is lean, effective and seeks continuous improvement.
- Establish objectives and targets to measure performance and identify opportunities for improvement.
- Plan and monitor its work to deliver quality outcomes that meet legal, contractual and stakeholder requirements.
- Ensure employees and those who work on Georgiou projects hold the required level of knowledge to undertake their duties.
- Develop a culture which supports reporting, analysis and distribution of quality critical information.
- Provide the resources needed to implement and maintain the Quality Management System and continually improve its effectiveness.
