

Our Defence Capability

About Us

Georgiou is a multi-disciplined civil engineering and building company, experienced in delivering major defence, building construction, civil and marine infrastructure projects across Australia.

Our aspiration to be the **best people to work with** drives us to redefine industry benchmarks, adapt methodologies to meet the unique needs of the sector and deliver excellent outcomes in complex operating environments.

Georgiou has a proven track record, showcasing expertise managing the complete life cycle of projects, from design and delivery, through to commissioning and HOTO.

Our commitment to delivering complex projects through innovation and efficiency is underpinned by our core values of **Care**, **Integrity** and **Excellence**.

Your Partner In Construction

- Proudly owned and operated in Australia, with offices in WA, NT, NSW and Qld.
- 46 years experience, with more than 20 years in defence.
